# About us

The Orangery Clinic is an independent clinic established for over 30 years.  
We are the experts in skin health, aesthetics and advanced beauty treatments.

An oasis of calm with professional service and an extensive aesthetic  
and beauty treatment list.

Our clinic is discretely tucked away at No1 Argyle Street, Bath, just off Pulteney Bridge,  
one of the most photographed bridges and one in only four bridges in the world to have  
shops on both sides. The ambience of our clinic is the perfect backdrop to the new and  
inspirational clinical treatments we offer.

We pride ourselves on delivering excellent customer service from  
our small, friendly, professional team.

*“You don’t have to be young to be beautiful  
You can be just as beautiful in your 80’s as you are in your 20’s”*

This is the hallmark of everything we believe in.

*We look forward to welcoming you.*

# The Body Clinic

## FOR THE ULTIMATE IN BODY TREATMENTS

The Body Clinic offers a free consultation service to discuss your needs. We take a physical and lifestyle approach to our treatments and can support you with dietary and exercise advice which will maximise your results. Our range of treatments include:

### HIFU

High Intensity Focused Ultrasound is used to break down fat and stimulate the rejuvenation of the skin cells. This treatment is the ultimate Aesthetic body treatment for those problem areas.

HiFu can be used to regenerate thin crepey skin on the tummy and the arms, yet also breakdown stubborn fat on the legs, tummy, flanks and love handles. 1-3 treatments are required depending on age and skin elasticity and results last between 6 months and 2 years.

Prices start from £350 per area

### FEMININE REJUVENATION (VAGINAL TIGHTENING)

As we age the skin and muscle tone of the vaginal wall does too. This causes incontinence or stress leakage, laxity and dryness. HiFu Vaginal tightening is the solution. A non-surgical procedure to tighten and tone the muscle wall and the skin of the vagina. One treatment produces immediate results which develop further over a period of 6 weeks.

1-3 treatments maybe required.

Per treatment £750

# The Body Clinic

## THE BRAZILIAN BUTT LIFT

If you have always admired the Brazilian or Kardashian booty, why not get your bottom non-surgically sculpted.

Using a combination of muscle stimulation, HiFu and Ultrasound Cavitation with Radio Frequency you can lift and tone your bottom muscles, sculpt fatty tissue and tighten skin tone to achieve a more sculpted, pert bottom.

Prices start from *£150* per session

## LPG ENDERMOLOGIE

LPG Endermologie is a non surgical procedure and is the first cellulite treatment to be approved by the FDA. Not only does LPG Endermologie help improve the appearance of cellulite, but it can also improve circulation, relieve minor muscular aches and help to tighten the skin. This treatment will help break down fat, water and toxins allowing the lymphatic system to drain it away.

## RADIO FREQUENCY

### *Skin tightening and rejuvenating treatment*

Radio frequency energy penetrates the skin layers to selectively heat where collagen and fibroblast cells are embedded. The heat stimulates to produce more collagen and elastin fibres, to tighten and rejuvenate the surface of the skin. There is no down time to this treatment and is completely pain free. Results from Radio frequency treatments develop over a period of weeks and a course of 6 - 12 treatments is recommended depending on requirements.

Radio frequency is the ideal partner to Cavislim.

Course of 12	£600

# Non Surgical Facial Rejuvenation

Facial rejuvenation does not have to mean surgical procedures with lengthy downtimes.

We have a number of non-invasive treatments that can help to tighten, brighten and revitalise your skin resulting in a fresher and more youthful appearance.

Our aim is to provide the highest level of expertise in non-surgical facial rejuvenation for both men and women by way of facial line reduction and lip enhancement using injectables, as well as muscle relaxant injections.

We also offer a non-surgical face lift treatment using the most advanced technology available for skin tightening and lifting with no downtime and immediate results.

All treatments are performed by a highly qualified Doctor. Clients are consulted in privacy with discussion of relevant medical history and consideration of desired outcomes and goals.

Each client is given all the medical information they require regarding the treatment options suitable to realistically meet their expectations.

Questions are encouraged and advice is freely given whether single treatments or bespoke treatment plans are arranged.

# Semi Permanent Make Up

Semi Permanent makeup by Imogen of I-ology, specialising in creating the natural look.

All clients receive a patch test and consultation with Imogen prior to treatment.

During your consultation she will discuss with you exactly what you are looking for, including the colour and shape, before and after pictures will also be taken so you can see the amazing difference.

## EYEBROWS

Semi Permanent eyebrow treatments are designed to restore, repair and enhance, giving the illusion of full, perfectly shaped, symmetrical brows, a long lasting look that's incredibly natural.

*£350*

## EYELINER

Never battle with smudges or streaks ever again.

A Semi Permanent eyeliner treatment accentuates your eyes, enhances their shape and gives volume to your lash-line, making lashes look thicker and fuller.

*£300*

## LIPLINER

Subtly redefine the colour of your lips and even correct slight irregularities. This will make your lips appear fuller without dramatically enhancing them.

*£300*

## LIP BLUSH

Soft, subtle contouring defines the lip outline without creating a visible lip line. Creating a barely there blush of colour across the lips leaving them looking super healthy.

This treatment is perfect for those looking to fight off the signs of ageing as it restores the Cupid's bow and creates a youthful looking, lasting finish.

*£400*
